Grant Activity

Grant Activity - Riparian Management-2018 Staff	
Description	Funds will be spent on a technician, and the SWCD Manager that will increase the capacity of the SWCD with the appropriate technical certifications to work with landowners to implement conservation practices on riparian areas within Pope County. This position was added due to the increased technical assistance needs of our landowners for the buffer program and cost share projects. This position would not exist without these capacity grant funds and this does increase the capacity of technical services and assistance offered by our District to our landowners.
Category	TECHNICAL/ENGINEERING ASSISTANCE
Start Date	End Date
Has Rates and Hours?	Yes
Actual Results	The 2018 Local Capacity Services is for work to be completed in 2018. There were no funds expended under this project in 2017.

Grant Activity - Riparian Management-Local Match	
Description	The county matching funds will be used for staff to complete work related to Riparian Zone Management activities including the Buffer Law.
Category	PROJECT DEVELOPMENT
Start Date	End Date
Has Rates and Hours?	No
Actual Results	The 2018 Local Capacity Services is for work to be completed in 2018. There were no funds expended under this project in 2017.

Grant Activity - Soil Erosion-PTMapp

Description	2018 SWCD Local Capacity funds will be used for completing the prioritize target application tool (PTMapp) which will include hydro condition, run PTMapp and prepare a report. The area will include the final lakes in the 8 Lake TMDL Area which includes the subwatershed area upstream of Gilchrist Lake. This study area would also contain the watershed for Leven, Villard and Amelia lakes.		
Category	PLANNING AND ASSESSMENT		
Start Date		End Date	
Has Rates and Hours?	No		
Actual Results	The 2018 Local Capacity Services is for work to be completed in 2018. There were no funds expended under this project in 2017.		

Grant Activity - Soil Erosion-staff

Description	Funds will be used to pay for increased capacity staff time to assist producers with the installation, planning of conservation practices for erosion and sediment control as described in the Pope County Comprehensive Water Management Plan. The position was added due to the increase in technical capacity needed to assist landowners in needing assistance in erosion and sediment control concerns on their lands. This funding does increase the capacity of technical services assistance offered in the county to landowners.		
Category	TECHNICAL/ENGINEERING ASSISTANCE		
Start Date		End Date	
Has Rates and Hours?	Yes		
Actual Results	The 2018 Local Capacity Services is for work to be completed in 2018. There were no funds expended under this project in 2017.
